

# 5 TIPS

for choosing cash equipment...

## Ask Yourself

What type of cash do you handle?

What do you want your equipment to do?

Where do you want to put your equipment?

How much cash are you processing and how often?

Are you using FREE TOOLS like the Money Point Product Wizard?

# Five Tips for Choosing Cash Equipment

Here at Money Point, we're often called upon to advise customers on the right cash handling solutions for their business.

With almost three decades of experience, we are in a unique position to be able to offer our extensive knowledge and insights on the most effective cash management protocols, no matter what sector you are in or how big or small your business is.

## **Are You Unclear on Which Cash Solutions Would Benefit Your Business the Most?**

By asking yourself a few simple questions, you can find exactly what you're looking for! Here are five handy tips to help you choose the right cash handling equipment for YOUR business...

## 1. What Type of Cash Do You Handle?

- Coins, notes or both?
- Do you handle vouchers, cheques or gift cards?

## 2. What Do You Want Your Equipment To Do?

Think about what you or your staff spend the most time on. Where do most of the mistakes occur? What part of your current process is costing your business the most money?

- Counterfeit Detection
- Counting
- Sorting
- Assessing Fitness
- Depositing
- Packaging
- Storage
- Organisation

### 3. Where Do You Want To Put Your Equipment?

- Point of sale?
- Teller line?
- Back office?

#### 4. How Much Cash Are You Processing And How Often?

- Low, medium or high?
- Daily, weekly or monthly?
