## MSS basic-14 Coin Deposit System

### Description

The MSS basic-14 from Multi Cash is a fully equipped, entry-level, coin deposit system. Its clever design makes the fully automated deposit of coins possible, without any buttons. Its slim shape and small footprint mean that it can be integrated into any operation, even if there is limited space available.

### Technology

Innovative materials in industrial quality for coin-disk and coin-path ensure high counting speed but a low noise level.

#### Modular coin-detection system in its 4th generation;

- Magnetic sensor for coin alloy
- Capacitive sensor of coin-mass
- Matrix-sensor of coin-profile
- CCD diameter sensor with 256px resolution (optional)
